# ABOUT THE ARMORY

Park Avenue Armory is a not-for-profit organization dedicated to enabling artists to create, and the public to experience, unconventional work that cannot be mounted in traditional museums and performance halls. With its soaring 55,000-square-foot Wade Thompson Drill Hall—reminiscent of 19th-century European train stations—and array of exuberant period rooms, the Armory inspires artists to draw upon its grand scale and distinctive character and captivates audiences with its ability to provide intense, dramatic, intimate, and immersive experiences.
